

Methow Valley Land Stewardship Yellow Pages

Here at the Methow Conservancy we recognize that caring for the land sometimes means getting questions answered or having experts to rely upon. Our staff is always available to talk with you, so feel free to call us at (509) 996-2870. We have pulled together this list of individuals, organizations, and businesses that have expertise in different areas of land stewardship. We are not officially endorsing any of those listed below, but their names have been provided as resources familiar to either our landowners or staff.

<u>Category</u>	<u>Contact</u>	<u>Phone Number</u>	<u>Email/Website</u>	<u>Notes</u>
Forest Resource Management	Alliance Ecological Services Sam Israel	(509) 341-4629	samisrael@gmail.com allianceecologic.com	Providing technical forestry assistance to landowners in North Central Washington.
	Call of the Wild, Judy Swank	(509) 923-1965	sjudybug@aol.com	Forest management plans, forest stewardship, fuels reduction and forest health, harvest planning, contract oversight and administration
