

Imagine *the* Methow

The Campaign *for* Sunny M Ranch

For decades, the Haub Family cared for more than 2,500 acres between Winthrop and Sun Mountain. In the spring of 2022, they sold Sun Mountain Lodge and about half the acreage. Now the Methow Conservancy has the opportunity to buy the remaining 1,200 acres, --which is part of the historic Sunny M Ranch--on behalf of the community, both human and wild. We have until June 15th to raise the funds, so that this land can continue to reflect the values of all who live and visit here.

We'd like to invite you to a neighborhood gathering and information session about Imagine the Methow: the Campaign for Sunny M Ranch, where we'll present the project and answer your questions. We hope you'll join us.
